Montvale salutes, thanks and appreciates the sacrifices of the men and women in uniform and those who gave the ultimate sacrifice protecting our country. This is the first year we post our veterans banners in the downtown park area, and they will be on display every year from just before Memorial Day to just after Veterans Day. They will continue to remind us of the

incredible sacrifices given by these men and women. I would like to give a shoutout to Carolee Adams for bringing this idea to us more than two years ago, to our Business Administrator Joe Voytus, to the DPW staff, and of course to our councilmembers for supporting and funding this project. If any Montvale veteran didn't get their banner this year, please give the information

The Mayor's Corner

to Nevene (ngayed@montvaleboro.org) for next year's display.

We continue to work with the new round 4 affordable housing obligation, and I want to assure you that we are going to be taking several steps to protect our way of life in Montvale while complying with the law. We will be challenged, but we have demonstrated our commitment to build affordable housing, and we have proof that our infrastructure is also challenged and will need major upgrades to be able to serve additional developments. I will be sending out more information as we get closer. There are several hard deadlines that we have to meet to maintain our immunity and we are on track to meeting all the required deadlines.

we have
Mayor Mike Ghassali

I hope to see you at the town's upcoming events and I look forward to speaking with you about our town and how we can make it even better.

Montvale Police Department

For the past year, the Police Department has been preparing for our reaccreditation through the New Jersey State Association of Chiefs of Police. "Accreditation is a progressive and time-proven method of assisting law enforcement agencies to calculate and improve their overall performance. The foundation of Accreditation lies in the adoption of standards containing a clear statement of professional objectives. Participating agencies conduct a thorough self-analysis to determine how existing operations can be adapted to meet these standards and objectives. When the procedures are in place, a team of trained, independent assessors verifies that the applicable standards have been successfully implemented." The Montvale Police Department was initially accredited in 2015, and reaccredited for the first time in 2018, and the second time in 2021. We are currently going through the process and will be reaccredited again in 2024. A special thanks goes to our Accreditation Management team of Captain Alisha Foley, and Detective Eric Robalino for all of the hard work they put into making this reaccreditation process a success.

Grilling Safety

There's nothing like outdoor grilling. It's one of the most popular ways to cook food. But, a grill placed too close to anything that can burn is a fire hazard. They can be very hot, causing burn injuries. Follow these simple tips and you will be on the way to safe grilling.

SAFETY TIPS

- » Propane and charcoal BBQ grills should only be used outdoors.
- » The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.
- » Keep children and pets at least three feet away from the grill area.
- » Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.
- » Never leave your grill unattended.
- » Always make sure your gas grill lid is open before lighting it.

CHARCOAL GRILLS

- » There are several ways to get the charcoal ready to use. Charcoal chimney starters allow you to start the charcoal using newspaper as a fuel.
- » If you use a starter fluid, use only charcoal starter fluid. Never add charcoal fluid or any other flammable liquids to the fire.
- » Keep charcoal fluid out of the reach of children and away from heat sources.
- » There are also electric charcoal starters, which do not use fire. Be sure to use an extension cord for outdoor use.
- » When you are finished grilling, let the coals completely cool before disposing in a metal container.

PROPANE Grills

Check the gas tank hose for leaks before using it for the first time each year. Apply a light soap and water solution to the hose. A propane leak will release bubbles. If your grill has a gas leak, by smell or the soapy bubble test, and there is no flame, turn off both the gas tank and the grill. If the leak stops, get the grill serviced by a professional before using it again. If the leak does not stop, call the fire department. **If you smell gas while cooking, immediately get away from the grill and call the fire department.** Do not move the grill.

If the flame **goes out**, turn the grill and gas off and wait at least **5 minutes** before re-lighting it.

FACTS

- ! July is the peak month for grill fires.
- ! Roughly half of the injuries involving grills are thermal burns.
